

From: The various offices of Dr. Freckles, here (Indianapolis) and in the Kasbah ...

To: The press, and other types, who frequent those musty bars off the circle (Indianapolis) ...

Regarding: Remediating the Future with "**Chainsaws** and **Gunpowder**" for all HOOSIER CITIZENS AND KIDS once the traditional Indiana territories are restored and the CLOWN REPUBLIC (headquartered in Peru) will rulle all slave races of Michigan, Illinois, Ohio, parts of Kentucky, and who knows where else when we're done with our expansionary period of brutal invasions and carnage and crap.

Dear Dr. Freckles' **Supporters**

and *Bookies* (and law enforcement):

We all know there are too many people walking about. Evolution is supposed to work, but as we learned from Mike Judge, in the film Idiocracy, sometimes our own compassion and goodwill acts as sabotage.

I know, you think there are no limits. We can screw and fuck and spread our filthy generations upon the horrid regions of this foul orb – you might think so, but you would be wrong. Sooner or later we will have that "Charleton Heston" moment, and look at the shit we eat, in the plastic bowl in front of us, all gooey and steamy and mixed with ramen noodles and fallen dreams ... yeah ... soon you'll wonder if it's people, or, worse, just poison.

I don't want to murder people – that is wrong. I, however, see no problem with allowing people to endanger themselves ...

As you may or may not know, while I'm advocating for the secession of Indiana from the United States of America (bloated whore), I'm also running for president of these United States. It is said that when Lincoln (that's President Lincoln) was campaigning in Illinois, he would pretend to be "pro-slavery" in S. Illinois, and "anti-slavery" in N. Illinois. This might be true OR this might be apocryphal and Dr. Freckles really doesn't care. My point is this: while I think the United States is a "bloated whore", I also want to be president of the "bloated whore".

(Obama followed this strategy in 2008 – and it worked for him)

Any who – back to the main point ... gunpowder, chainsaws, hoosiers and their kids and over-population ...

Dr. Freckles doesn't want to convene kangaroo courts, "manned" by genetically mutated kangaroos, just for the purpose of selecting those hoosiers who deserve to live or breed and those that do not; I would rather allow natural law to "do its thing".

Therefore, the Offices of Dr. Freckles for PRESIDENT and the Secession of Indiana support the following policy abstract:

All hoosiers, over the age of 9, will be allowed a daily allotment of 3 pounds of gunpowder. They will also be given 1 chainsaw, when they turn 10 years of age and a yearly allotment of 10 gallons of gasoline. Along with this, we want to make sure that there is whiskey involved. So, as long as you're using gunpowder or chainsaws, you may consume alcohol as young as 10 years of age. This is all choice – we're not going to make you do it (pussy).

As always, we will hear cries of "Dr. Freckles, this is madness", and ... yeah ... (probably)

But these are crazy times – and they call for crazier ideas. Maybe handing out chainsaws and gunpowder and whisky to hoosiers in the hope that some (not all) will accidentally kill themselves is both mean-spirited and could ... possibly ... backfire.

We could, given the policy outlined above, inadvertently give birth to large, drunk, unruly armies of hoosiers ... armed with gunpowder and whiskey and chainsaws and regret ... and some might say "gee, Dr. Freckles, how do you feel about your plan now? Now that Carmel and Fishers have been sacked?", and I don't know what to say, except, "mission accomplished".

Sincerely,

Dr. Horatius G. FRECKLES
