

Corona Assessment (5/16/20)

by Daniel John Sullivan

A. Summary of Current Likely "COVID" Scenarios

For purposes of these scenarios, "they" refers to the STATE and its agents both "private" and "public". Since I believe we live in a banker-tyranny of Satanic globalists? - "they" means this whole group, and mainly those at the highest levels with the power to implement a decision - even if the group comes to the decision on some crude collective level. "They" execute the plan.

"Subjective Likelihood" refers to a best guess. So for all "likelihoods" shown below, unless otherwise noted, you should assume they are subjective and NOT based upon a scientifically recorded series of observations.

Likelihoods shown don't sum to 100 - treat these as independent from each other in terms of being separate possible futures.

1. The Great Robbery of Wealth: [Likelihood=99%] A liquidity crisis among banks involving overnight lending (REPO), began spreading like a contagion - beginning last summer. "They" saw this, and realized they needed a way to control a very angry world when people understood that, once again, "they" ripped them off. This plan was put into effect, probably one of many plans on the table for covering massive financial robbery (quadrillions stolen, IMHO) and theft that results from "constructed" crisis. In this scenario, people do die - but probably not randomly. There might be a "virus" - but it's not a randomly propagating virus, and seems to have skipped Chinatown, Seattle, for some unknown reason.

2. The NWO takeover (includes robbery scenario):

[Likelihood=75%] See robbery scenario above, and add to it BILL GATES' WET-DREAM THX-1138 WE ALL GET CHIPPED SATANIC GLOBALIST BS ... this is pretty much mark of the beast stuff. Phone booth Jesus time.¹

3. **The prelude something awful:** [Likelihood=50%] They want to keep the roads clear, they want the population mostly in a “sedate” and “stunned” and “controlled” state. This can’t last, which implies that IF this is the scenario, at some place in the next few weeks, perhaps 2-3 months, something cataclysmic will happen. They want to make sure the roads are clear. They want to be able to “exit the theater” before the rest of us.

4. **The Culling:** [Likelihood=50%] “They” want most of us dead and will proceed to remove most of us, 6-7 billion of us, over the next 20 years. The first phase will be the “Great Poisoning” and the “Great Poisoner” elect is Bill Gates. This scenario works with NWO/Robbery as well. This scenario also works with the “something awful” - except in the “something awful” case, they will let some calamity wipe most of us out, and they want the roads clear (hence lockdowns).

B. Timeline

1. For purposes of this assessment, DJS=ME (the author).

2. Pertinent information about me: I live in Little Saigon, Seattle, about 0.5 miles from Harborview Medical Center, on the border of Chinatown. I have observed what I believe to be a large population of undocumented Chinese in my area. Also, Seattle is an Asia-Pacific tech hub, and flights have continued to land at SEATAC (I don’t need to check the internet, I live below a flight path and see the planes landing) without any detectable interruptions. I live in short-term/transient housing, shared kitchens, no elevators, very thin walls. I am 50 years old, and my diet stinks. I also don’t have a car and I only use mass transit – buses, trains, street cars.

But, because of the hysteria I said "covid" at the time. I really don't know what I had. If it was the "covid", then the "covid" doesn't seem like much. On the other hand, I have heard stories of horrific death, and I've

		seen the videos from Wuhan of people tipping over.

C. Next Flying Monkey Scenario (next 90 days)

1. COVID Part Deux, mark'o'beast time: [Likelihood=80%]
2. WW3: [Likelihood 50% or less]
3. Climate Disequilibrium and the Long Hot Summer: [Likelihood=75%]
4. Something awful is coming, and they want people at home and NOT on the roads, dead, in cars, blocking roads: [Likelihood=50% but this becomes less likely, much less so, after December 2020 UNLESS this is a rehearsal for a future event where they want everyone to stay at home]
